

ProDoula would like to offer the following public statement regarding a dispute between ProDoula and Deb Pocica:

*"Under the direct guidance and supervision of Deb Pocica's personal legal counsel, she meticulously negotiated an agreement between herself and ProDoula to collaborate on an educational program regarding placenta services.*

*The success and financial reward Ms. Pocica received as a result of this collaboration, made her termination of the agreement a disappointing surprise to ProDoula.*

*Upon departure, Ms. Pocica's disregard for the agreement that she eagerly entered into, coupled with her unwillingness to negotiate an amicable parting of ways, caused ProDoula to rely exclusively on the mutually agreed upon and executed contract to find resolution.*

*It is without ill will toward Ms. Pocica that ProDoula intends to resolve this matter."*
